Terms & Conditions for School group visits

The Yorkshire Air Museum welcomes school groups for educational visits.

Our History of Flight Trail and Yorkshire Air Museum Discovery worksheets are available as suggested. A free copy of the school activity sheets is available on enquiry for reproduction or can be provided by the Museum at 50p per copy.

A full Risk Assessment for school visits MUST be made by the Group Organiser prior to the visit and guidelines for this can be provided on enquiry. The Organiser takes responsibility for the conduct of the group whilst on site and there must be adequate adult supervision accompanying the group of at least one adult per 10 pupils / children and we accordingly offer these places on a complimentary basis.

The main hazards are the risk of slips, trips and falls so orderly conduct is required at all times. There are significant risks in the hangars, due to low, sharp edges, equipment, etc., therefore aircraft / vehicle barriers MUST NOT be crossed unless specifically authorised and supervised by a member(s) of YAM staff.

We request that, in general, and particularly if the NAAFI Restaurant facility is utilised, due consideration is given to our regular visitors and noise is kept to a minimum, over-boisterous and potentially hazardous activity is curtailed. The Museum is an historic site and a Memorial to allied aircrews and we ask that all visitors must show due respect and consideration during their visit.

SAFEGUARDING

The Museum has a duty of care and is committed to the protection and safety of children, young people and vulnerable adults involved as visitors and as participants in all of its activities both on and off site. It also wants to protect and support its staff and volunteers who work or come into contact with these groups.

The museum operates according to its child, young people and vulnerable adult safeguarding policy which ensures that everyone understands their roles and responsibilities in respect of safeguarding and is provided with the necessary information, training and support on safeguarding matters.

DATA PROTECTION

We will use the information you share with us to carry out reasonable administration of your booking and contact you only in relation to your booking. Your contact details will be discarded from our files after your visit is completed. We will keep a record of your visit (name of school & staff/pupil number) for the purpose of our yearly group visit data analysis only.
